

IDL Week 2018 14th – 18th May 2018

S2 and S3 pupils can choose from the following options:

Photography – working with staff from the art and Design department, pupils will learn basic photography skills using SLR cameras and will capture images of our school and local community.

Newsweek – working with an Editor from BBC Scotland News, pupils will record and report on the weeks IDL events. By filming events and interviewing staff and pupils, they will record the highlights of the week and produce a news report of the week's events.

School Show – young people involved in the school show will prepare set, props and costumes for the forthcoming production of Grease. On the 40th anniversary of this iconic musical, Hyndland Secondary will present GREASE on.....

S1 Ambassadors – S3 pupils can support groups of young people in S1 who are undertaking the John Muir Award. This will count towards their Saltire award for volunteering.

RRS IDL Week – Please see the range of activities detailed in the Rights Respecting IDL Week entry in this newsletter.

Letters will be issued in PST classes. Pupils should sign up for activities and return their forms to their PST teacher by **Friday 4th MAY** to sign up.

Rights Respecting IDL Week

14th – 18th May 2018

Plans are well underway for an exciting week of activities which are linked to the United Nations Convention on the Rights of the Child, UNCRC. Each day will focus on an article from the UNCRC or a theme from the UN Global Goals.

Working with the Scottish Youth Parliament, our young people in S2 & S3 will learn about their rights. They will experience the Right to Play through tennis, kayaking, bowls or team sports delivered by our partner organisations, Western Tennis Club, Pinkston Watersports, Partick Bowling Club and our own PE staff.

There will be an opportunity to visit Finlaystone Park to learn about sustainability, renewable energies and biofuels. There will be den building and young people will have time to explore the country park. We will explore the impact of climate change, visit Hunterston Power station and undertake a beach clean to help remove plastics from the oceans.

A number of local restaurants have signed up to deliver a masterchef session after which pupils will prepare and share a meal together, sample fairtrade snacks and consider child labour in cacao farms followed by a movie afternoon with popcorn.

Our final day will focus on the right to the best possible health – Heartstart will teach resuscitation techniques and we will consider mental health with the Samaritans. We will learn about Mary's Meals – a charity whose aim is to provide a meal every school day in developing countries around the world in the hope that education can lift children out of poverty.

We are looking forward to a week of learning and fun working with our young people, staff and partners. Follow our week on Twitter @HyndlandSec and @HyndlandRRS

Letters will be issued in PST classes. Pupils should sign up for activities and return their forms to their PST teacher by **Friday 4th MAY**.
