November 2018

Dear Parent / Carer

Subject teachers have completed the enclosed report commenting on progress to date, required next steps in learning and have also given an indication of the likely level of presentation in the forthcoming SQA Exam diet. It is vitally important that a steady and consistent work rate is maintained over the coming weeks if pupils are to achieve their full potential. A timetable of supported study opportunities available to pupils has already been issued to assist pupils with preparation for the S4-S6 prelim diet, which begins on the 14th of January.

There will be an S4-6 Support and Early intervention Parents' Evening on Thursday 29th November 2018. All S4 parents will be invited to discuss their child's progress, it would be also be useful if your son/daughter attends the meeting too. In S5 and S6 parents may be invited by subject staff. The focus of the meetings will be to discuss progress and presentation levels in more depth. Appointments to this evening will be issued shortly.

If you wish to discuss the contents of this report further please telephone your child's own Pastoral Care Teacher in the first instance.
