

Hyndland Secondary School

Covid Isolation & Absence Procedure

S3-S6

We understand the importance of ensuring that our young people are keeping up to date with their learning throughout the pandemic and that Covid isolation is an ongoing challenge for us all.

Absences as well as self-isolation has meant a large increase in pupils requiring to work from home. This has meant that many parents and carers have understandably been contacting the school to request class work from teachers. We have made it a priority to ensure that pupils are well prepared should they need to stay home and if they are well enough to engage in school work this will be made available.

In the first instance if a young person is absent from school due to self-isolation and is well enough to engage in learning we would like to inform parents and carers of how best this can be achieved.

S3-S6 pupils can access classwork from the appropriate Online Learning Environment for that subject. This will most likely be Microsoft Teams or Showbie. Homework tasks will be available to view via Satchel One.

Pupils can also access a wealth of information online:

[E-Sgoil Website](#)

[National 5](#) and [Higher](#)

[Login to Scholar](#)

[SQA Website](#)

A growing number of recorded video lessons across different subjects are available via West OS to support learning. These can be accessed via [Glow](#)

You can also find information more information for both pupils and parents on our [website](#).

If you have any other enquiries regarding learning from home during isolation please get in touch with the school via the normal channels.
