Dear Parent / Carer

Subject teachers have recently given an early indication regarding progress for all young people in Third Year. It is vitally important that a steady and consistent work rate is maintained throughout the session if pupils are to achieve their full potential.

Along with the S3 tracking report you will also find enclosed a course outline hand-out which summaries the learning being undertaken in each curricular area during S3 as well as the skills being developed in every subject area. You will also find a family learning leaflet which provides parents and carers with examples of how they can help to support their child's learning at home which we hope you will find beneficial.

There will be an S3 Parents' Evening on Wednesday 4 December when you will have the opportunity to meet with your young person's subject teachers and discuss your child's progress.

Appointments can be made by logging on to:

<https://parents-booking.co.uk/hyndlandsecondary>

and entering the details for you and your child.

This year all S3 young people are undertaking a core period once a week where they are studying Languages for Life, Digital Literacy and a STEM projects as well as study skills at the end of the session. This will be reported on at a later date.

If you wish to discuss the contents of this report further please telephone your young persons' own Pastoral Care Teacher in the first instance.
