Towards Better Futures/College Partnership – 2021 / 2022

Course Title SFW Financial Services	Curricular Area Admin, Financial and Business Services								
College City of Glasgow College	Campus City Campus								
Course Outline <p>Scotland is internationally recognised as the most important UK financial centre outside London and the South East, with a number of large employers situated in Glasgow. The sector currently employs over 156,700 people (Source - TheCityUK) and is expected to continue to grow. This Course is intended to equip students with the necessary knowledge and skills which will enhance their prospects for employment in the wide range of opportunities within the financial services industry.</p> <p>Working closely with industry partners in banking, insurance etc, students will explore the variety and range of employers and the career opportunities which exist within the sector. They will also become familiar with key words and terms used, and will develop an awareness of the impact of the sector on modern society. The development of financial acumen and personal financial responsibility are also given high profile. This course is designed to include employer engagement including guest speakers, trips and workshops.</p>									
Course Entry Requirements National 4 English is essential									
Progression Pathways What happens next? <ul style="list-style-type: none"> • Foundation Apprenticeship in Financial Services (SCQF Level 6) • HNC/D Financial Services • Modern Apprenticeship in Providing Financial Services 									
Employment Routes This course prepares students for a variety of job roles by developing key employability skills such as customer care skills.									
Attendance Pattern – Tuesday and Thursday 1.30pm - 4.00pm									
Course Award

Towards Better Futures/College Partnership – 2021 / 2022

Course Title	Curricular Area		
Fashion & Textile Technology	Creative and Cultural Industries		
College	Campus		
Glasgow Clyde College	Cardonald Campus		
Course Outline			
<p>The National 5 Fashion and Textile Technology Course enables you to develop an understanding of textile properties, characteristics and technologies, item development, fashion/textile trends and factors that affect fashion choice. The Course particularly emphasises the development of practical skills and textile construction techniques to make detailed fashion/textile items, to an appropriate standard of quality.</p> <p>You will have the opportunity to be creative and imaginative in the design process. This course will be delivered using an active learning approach.</p> <p>The practical learning activities in the course encourage you to develop problem solving techniques, make informed choices and take responsibility for the development of an idea through to the completed item. The course will use underpinning knowledge and focuses on designing, planning, making and evaluating detailed fashion/textile items.</p>			
Course Entry Requirements			
You must have a keen interest in fashion and textiles to complete this National 5 subject.			
Progression Pathways What happens next?			
<p>You might go on to do:</p> <ul style="list-style-type: none"> • Clothing/textile technologist • Interior and special designer • Fashion designer • Textile designer • Clothing and manufacturing engineer • Retail buyer • Retail merchandiser • Costume Designer/Assistant/Maker • Pattern Maker/Cutter 			
Employment Routes			
Employment in the Retail, Fashion or Textile industries			
Attendance Pattern –			
Tuesday and Thursday 1.30pm - 4.00pm			
Course Award			
SCQF Level	SCQF Credit Points	Hours of Learning	NPA, NC, Skills for Work, or appropriate title
Level 5	24	160	NATIONAL 5
Units Covered			
<p>Textile Technologies</p> <ul style="list-style-type: none"> • Fashion/Textile Item Development • Fashion and Textile Choices <p>These will be a mixture of practical and theory based tasks, and rather than being awarded a grade for each pupils will</p>			

receive feedback on their strengths and areas of improvement.

Towards Better Futures/College Partnership – 2021 / 2022

<p>Course Title</p> <p>NPA Computer Games Development</p>	<p>Curricular Area</p> <p>Creative and Cultural Industries</p>								
<p>College</p> <p>Glasgow Clyde College</p>	<p>Campus</p> <p>Anniesland Campus</p>								
<p>Course Outline</p> <p>Do you have an interest in the games industry? This introductory qualification is designed to teach you how to write computer games.</p> <p>This course consists of three topics: media assets, design and development. The media assets part of the award focuses on finding and capturing digital media that could be used within a game, such as sounds, images and videos, and customising these assets to fit into a game. The design part of the award focuses on creating a plan for the development of a computer game. The development part of the award focuses on writing code to actually produce the game.</p> <p>In this course you will:</p> <ul style="list-style-type: none"> • Research various games types and platforms and discover what makes a game playable • What components make up games and what is required for different playing platforms • Design a game based on your understanding so far • Create a set of objects to be used in the development of a game including characters, backgrounds and sounds • Further design your game to include behaviours designed to enhance game play • Create a playable game and publish on the internet 									
<p>Course Entry Requirements</p> <p>It is envisaged that you will be working at the senior phase of the curriculum and have clear interest in the subject area.</p>									
<p>Progression Pathways What happens next?</p> <p>The level 5 award could provide progression to:</p> <ul style="list-style-type: none"> • NPA Computer Games Development SCQF Level 6 • NC Digital Media Computing at SCQF Level 6 • NPA in Digital Media Production at SCQF Level 6 • A one year national certificate (NC) in computing at a local further education college. 									
<p>Employment Routes</p> <p>Foundation or Modern apprenticeships or any job requiring basic IT skills.</p>									
<p>Attendance Pattern –</p> <p>Tuesday and Thursday afternoons 1.30pm - 4pm</p>									
<p>Course Award</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="width: 25%;">SCQF Level</th> <th style="width: 25%;">SCQF Credit Points</th> <th style="width: 25%;">Hours of Learning</th> <th style="width: 25%;">NPA, NC, Skills for Work, or appropriate title</th> </tr> </thead> <tbody> <tr> <td>Level 5</td> <td>18</td> <td>180</td> <td>NPA</td> </tr> </tbody> </table>		SCQF Level	SCQF Credit Points	Hours of Learning	NPA, NC, Skills for Work, or appropriate title	Level 5	18	180	NPA

Course Title	Curricular Area		
Cyber Security	Creative and Cultural Industries		
College	Campus		
Glasgow Clyde College	Cardonald Campus		
Course Outline			
<p>The National Progression Award (NPA) in Cyber Security will be delivered at SCQF Level 6 and provides foundation knowledge and skills in data security, digital forensics and ethical hacking – providing a skills pipeline into the Cyber Security industry.</p> <p>This course is designed to raise awareness of Cyber Security and highlight the current skills gap in this field. It will encourage you to improve your cyber hygiene and resilience, and enable you to identify security vulnerabilities safely, legally and ethically. It will also help you to contribute more safely to virtual communities. This will prepare you for further studies and future employment in this area. The aim of the award is to produce knowledgeable and skilled individuals who are aware of the potential misuses of, and unauthorised access to, computer systems but who use these competences for legal and ethical purposes.</p>			
Course Entry Requirements			
<p>You must have:</p> <ul style="list-style-type: none"> • 3 passes at National 5, 1 of which should be Maths • a clear interest in the subject area 			
Progression Pathways What happens next?			
<p>Successful completion of this award may allow progression to:</p> <ul style="list-style-type: none"> • NC Digital Media Computing SCQF Level 5 • NC Digital Media Computing SCQF Level 6 • NC Information Technology • HNC/D Computing • HNC/D Computer Games Development • HNC/D Information Technology • HNC/D Computer Networking • HNC/D Interactive Media or Multimedia

Towards Better Futures/College Partnership – 2021 / 2022

<p>Course Title</p> <p>SFW Early Learning and Childcare</p>	<p>Curricular Area</p> <p>Health, Care and Education</p>								
<p>College</p> <p>Glasgow Clyde College</p>	<p>Campus</p> <p>Langside Campus</p>								
<p>Course Outline</p> <p>The Course is designed as an introduction to early learning and childcare at SCQF 4 and helps students begin to understand some of the demands and responsibilities of working in this sector. Since the National 4 Course is designed with progression to National 5 in mind, the majority of the Units at the two levels have the common titles and address similar content areas. The Early Learning and Childcare courses offer opportunities for students to acquire these critical generic employability skills through a variety of practical experiences that are linked to this particular vocational area, early learning, childcare and play work.</p>									
<p>Course Entry Requirements</p> <p>It is envisaged that students will be working at the senior phase of the curriculum and have clear interest in the subject area.</p>									
<p>Progression Pathways What happens next?</p> <p>A one year full time National Certificate (NC) or National Qualification (NQ) in Early Education and Childcare at a local college of further education.</p>									
<p>Employment Routes</p> <p>A Modern Apprenticeship leading to a Scottish Vocational Qualification (SVQ) level 3 in Social Services: Children and Young People.</p>									
<p>Attendance Pattern –</p> <p>Tuesday and Thursday 1.30pm - 4pm</p>									
<p>Course Award</p> <table border="1" style="width: 100%; border-collapse: collapse; margin-top: 10px;"> <thead> <tr> <th style="width: 25%;">SCQF Level</th> <th style="width: 25%;">SCQF Credit Points</th> <th style="width: 25%;">Hours of Learning</th> <th style="width: 25%;">NPA, NC, Skills for Work, or appropriate title</th> </tr> </thead> <tbody> <tr> <td>Level 4</td> <td>24</td> <td>160</td> <td>SfW</td> </tr> </tbody> </table>		SCQF Level	SCQF Credit Points	Hours of Learning	NPA, NC, Skills for Work, or appropriate title	Level 4	24	160	SfW

- Contemporary Families

Towards Better Futures/College Partnership – 2021 / 2022

Course Title SFW Early Learning and Childcare	Curricular Area Health, Care and Education										
College Glasgow Kelvin College	Campus Easterhouse Campus										
Course Outline											
<p>The focus of the course is to provide students with an introduction to Childcare and Early Education. They will learn about child development 0-12 years, how children learn through play and how to care for babies and young children.</p> <p>The course provides students with the opportunity to further develop transferable skills for employability in the ever expanding field of Early Education and Childcare. This includes developing and analysing the skills required to work with children and young people.</p>											
Course Entry Requirements											
<p>S4/5/6 students should have gained National 4 English and be working towards National 5 as a minimum requirement. This enables students to cope with the subject matter and to fully engage with new learning.</p> <p>This is a vocational subject and it is vital you have an interest in: Childcare</p> <p>Voluntary work would be an advantage.</p>											
Progression Pathways What happens next?											
<p>Students could progress to the National 5 FT Playwork and Childcare NQ Early Education and Childcare or the Level 6 Higher NC Early Education and Childcare programme. They would also be able to progress to courses in Health and Social care at levels 5 and 6 depending on other qualifications.</p> <p>Currently students leaving school would not be eligible for the job market as the lowest qualification is NC /SVQ 2 (SCQF level 6) for Support worker level and HNC/SVQ 2 (SCQF Level 7) for Practitioner Level.</p>											
Employment Routes											
<p>Possible progression to an appropriate full time NQ college course or a Modern Apprenticeship; leading to a Scottish Vocational Qualification (SVQ) level 2/3 in Social Services: Children and Young People.</p> <p>This course is excellent preparation for students who may wish to progress onto voluntary work, mainstream or supported employment.</p>											
Attendance Pattern –											
Tuesday and Thursday 1.30pm - 4.00pm											
Course Award

Towards Better Futures/College Partnership – 2021 / 2022

<p>Course Title</p> <p>Automotive Skills</p>	<p>Curricular Area</p> <p>Energy, Engineering, Construction & Manufacturing</p>								
<p>College</p> <p>Glasgow Clyde College</p>	<p>Campus</p> <p>Anniesland Campus</p>								
<p>Course Outline</p> <p>This course aims to introduce you to the Automotive Vocational Area and is an ideal introduction programme if you are considering further studies or a career within this sector. The National 4 Automotive Skills Award that you will undertake, have been designed to provide an introduction to the automotive industry, offering progression routes into further education or the potential of moving directly into training or employment within the automotive sector.</p>									
<p>Course Entry Requirements</p> <p>It is envisaged that you are working at the senior phase of the curriculum and have a clear interest in the subject area. As the course is predominantly workshop based involving problem solving skills the selection process to gain access to the programme you will be required to undertake practical dexterity and mechanical aptitude tests along with a short interview to ensure that you are best suited for the programme.</p>									
<p>Progression Pathways What happens next?</p> <p>You may progress onto the following two full time programmes at the Anniesland Campus:</p> <ul style="list-style-type: none"> • City and Guilds Diploma in Introduction to Vehicle System Maintenance 									
<p>Employment Routes</p> <p>There may be opportunities to progress into a Modern Apprenticeship in the Automotive Sector.</p>									
<p>Attendance Pattern –</p> <p>Tuesday and Thursday 13:30 – 16:00</p>									
<p>Course Award</p> <table border="1" style="width: 100%; border-collapse: collapse; margin-top: 10px;"> <thead> <tr> <th style="width: 25%;">SCQF Level</th> <th style="width: 25%;">SCQF Credit Points</th> <th style="width: 25%;">Hours of Learning</th> <th style="width: 25%;">NPA, NC, Skills for Work, or appropriate title</th> </tr> </thead> <tbody> <tr> <td>Level 4</td> <td>24</td> <td>160</td> <td>Skills for Work</td> </tr> </tbody> </table>		SCQF Level	SCQF Credit Points	Hours of Learning	NPA, NC, Skills for Work, or appropriate title	Level 4	24	160	Skills for Work
SCQF Level	SCQF Credit Points	Hours of Learning	NPA, NC, Skills for Work, or appropriate title						
Level 4	24	160	Skills for Work						
<p>Units Covered</p> <p>Course Structure: The course will focus on the delivery of ‘Skills for Work’ required for a career in the Automotive sector; there will be an opportunity to achieve the following group award and associated Units:</p> <p>Automotive Skills:</p> <ul style="list-style-type: none"> • The Garage • The Car • The Technician • Vehicle Modification Project 									

Towards Better Futures/College Partnership – 2021 / 2022

Course Title Construction	Curricular Area Energy, Engineering, Construction & Manufacturing		
College Glasgow Clyde College	Campus Cardonald Campus		
Course Outline Are you interested in working within the construction sector and currently studying at National 4 or above? Relevant job profiles would be plumber, joiner, electrician, bricklayer, roof tiler, painter & decorator and plasterer – plus many more. Glasgow Clyde College will help you gain an insight into several of the important trades and make informed choices regarding a career in construction. The course will also provide you with the opportunity to develop employability skills and attitudes, which will help to prepare you for the workplace.			
Course Entry Requirements •You must have: <ul style="list-style-type: none"> • An interest in working in the construction industry • Have National 4 maths or a technical subject • Some aptitude for graphical forms of communication, as you will be required to read basic drawings. <p>You are required to work independently and in a team.</p> <p>You will be required to take part in an informal interview and skills test in college prior to selection for the course.</p>			
Progression Pathways What happens next? You might go on to do: <ul style="list-style-type: none"> • NPA in Construction SCQF 5 • Digital Construction SCQF 5 • NC Built Environment • Pre apprentice electrician • Pre apprentice plumbing <p>The level you might enter would depend on the level and relevance of your other qualifications.</p>			
Employment Routes A Modern Apprenticeship in construction such as bricklaying or joinery. You would train on the job, on a building site or workshop, and off the job at college. Apprenticeships usually last for three years			
Attendance Pattern – Mondays, Tuesdays & Wednesdays 1:30pm – 4pm & Thursdays 9:30am – 4pm			
Course Award			
SCQF Level	SCQF Credit Points	Hours of Learning	NPA, NC, Skills for Work, or appropriate title
Level 4	24	540	City & Guilds
Units Covered Construction Crafts: <ul style="list-style-type: none"> <li style="width: 25%;">• Employability Skills <li style="width: 25%;">• Plumbing <li style="width: 25%;">• Half-Brick Walling <li style="width: 25%;">• Site Carpentry and Bench Joinery <li style="width: 25%;">• Decorative Painting <li style="width: 25%;">• Roof Tiling <li style="width: 25%;">• Electrical Installation <li style="width: 25%;">• Carpentry and Joinery Techniques <li style="width: 25%;">• Health and Safety in a Construction Environment <li style="width: 25%;">• Fabrication and Welding <li style="width: 25%;">• One Brick Walling 			

Employability Skills
• Bench Joinery • Decorative Painting

Towards Better Futures/College Partnership – 2021 / 2022

Course Title	Curricular Area		
NPA Building Services Engineering	Energy, Engineering, Construction & Manufacturing		
College	Campus		
Glasgow Kelvin College	Springburn Campus		
Course Outline			
<p>This is designed for students who are looking to enter into a Modern Apprenticeship into the Building Services Engineering Sector within the following trades:</p> <ul style="list-style-type: none"> • Plumbing • Electrical • Heating & Ventilation • Refrigeration & Air Conditioning • Service & Maintenance of Building Services <p>Preparation for Modern Apprenticeship and basic skills/knowledge which would enhance progression.</p>			
Course Entry Requirements			
S4/S5/S6 students – require a minimum of National 5 in English, Mathematics and a Science subject.			
Progression Pathways What happens next?			
<ul style="list-style-type: none"> • City & Guilds Pre-Employment Plumbing • City & Guilds Pre-Employment Electrical Installation • City & Guilds Pre-Employment Refrigeration • NC Building Services Engineering SCQF Level 6 • HNC Building Services Engineering SCQF Level 7

Towards Better Futures/College Partnership – 2021 / 2022

Course Title	Curricular Area		
HNC Mechanical Engineering	Energy, Engineering, Construction & Manufacturing		
College	Campus		
Glasgow Kelvin College	Springburn Campus		
Course Outline			
<p>“The UK needs over one million new engineers and technicians in the next five years” (Royal Academy of Engineering)</p> <p>“Average age of engineer in the UK is 54” (BBC News)</p> <p>“Chartered Engineers earn an average of £63,000 a year” (Engineering Council)</p> <p>Together with many other countries, the UK is fast becoming a STEM reliant economy. This, combined with the ageing population of the current engineering fraternity, creates unrivalled opportunities for aspiring engineers and technicians.</p> <p>As an engineer your skills will be in demand and you will work at the forefront of an exciting and evolving industry.</p> <p>This course could be your first step towards a career as an engineer or technician. You will study the fundamental concepts of mechanical engineering including dynamics, statics, thermodynamics and fluid mechanics. You will gain skills in subjects such as CAD, engineering drawing and other industry essential subjects.</p> <p>Your will learn within the classroom, CAD laboratory and a purpose built engineering laboratory.</p>			
Course Entry Requirements			
<ul style="list-style-type: none"> • S6 entry permitted • Pass in Higher Maths or Higher Physics 			
Progression Pathways What happens next?			
<ul style="list-style-type: none"> • HND Mechanical Engineering • University (Subject to university entry criteria) 			
Employment Routes			
Successful completion will provide you with the knowledge/skills needed to seek employment - junior technician or engineering apprentice.			
Attendance Pattern –			
Monday & Tuesday 9:30 am to 4:00 pm August to June (continuous attendance)			
Course Award			
SCQF Level	SCQF Credit Points	Hours of Learning	NPA, NC, Skills for Work, or appropriate title
Level 7	96	432	HNC
